To whom it may concern,

Hascall & Hall recently renovated and refinished our service shop floor in the Nissan building here at Lee Auto Mall in Auburn. Rob Bergeron and his team went out of their way to accommodate our unrealistic demands to get this floor done extremely quickly and at a very competitive price. They were able to complete the full process in an incredibly short amount of time to create the least amount of down time for us to close the service shop, which in turn reduced our overall expense for this project. The product and results were excellent and exactly as described and quoted from the start. The cooperation, communication, professionalism, and overall results exceeded our expectations. We would recommend them to any business in need of their services in this area.

Sincerely,

Bill Menke  
General Manager  
Lee Auto Mall – Auburn
